From: LECMPA

To: Our Representatives, Policyholders and the Public

Effective today, LECMPA will be reducing our office hours, while our Home Office staff works remotely to continue operations and service our members. Next week, we will be staffing the office on a limited daily basis, from approximately 10:00 a.m. to 2:00 p.m. Home Office staff can be reached at any time by email, and all our phone calls are being forwarded as we continue to work at home. We think this is the best plan for protecting the health of our staff while also taking care of responsibilities to our members.

We will be reviewing these plans and how they are working on a daily basis, and making any necessary changes. If things change, we will post updates on our website landing page.

Please call me if you have questions. We thank everyone for their understanding, patience and loyalty during this challenging time. And we hope, and everyone important to you, is practicing care and staying healthy.

Sincerely,
